## Experience

### Merchant Solutions Support Specialist / Client Services Analyst | Fiserv - Marietta, USA | 09/2024 - Current

- Resolved merchant payment hardware, software, and processing issues; collaborated with engineering teams to investigate complex cases and support resolution.
- Guided clients through system functionality and enhancements, explaining technical information clearly to support product adoption and effective use.
- Built a Power Automate workflow for aged-ticket monitoring and notifications, reducing manual tracking by approximately 3-5 hours per week and supporting SLA compliance.

### Multiverse Digital Business Accelerator Apprentice | Fiserv - Marietta, Georgia | 09/2024 - 09/2025

- Selected for competitive 12-month apprenticeship in data analytics and project management
- Gained experience in data analysis, visualization, and automation using Excel and Power BI
- Collaborated cross-functionally to streamline processes and improve performance
- Transitioned into full-time role at Fiserv upon completion

### Barista | Starbucks - Alpharetta, USA | 05/2019 - 08/2024

- Delivered high-quality customer service in a fast-paced environment
- Managed transactions and inventory while streamlining operational workflows
- Collaborated with team members to enhance communication and support service delivery
- Supported team efficiency during high-volume periods by coordinating tasks and maintaining workflow

### Claims Adjuster | Crawford & Company - Atlanta, USA | 06/2021 - 10/2022

- Managed and analyzed complex insurance claims, coordinating with multiple stakeholders to support resolution
- Reviewed documentation and applied structured decision-making to assess claim outcomes

---
